INNOVANT

Custom Product Done Right

Innovant is in the business of creative problem solving for our clients. Our vertically integrated in-house design team reacts quickly to bespoke requirements and demanding timeframes to deliver production-quality solutions. We encourage clients and designers to engage in open dialogue with us because we believe that anything is possible when everything is on the table.

Design Without Constraint

Innovant has partnered with top architectural and design firms and Fortune 500 companies to design everything from the small details, like a signature aesthetic for an end panel, to breathtaking project-driven custom desking environments. From a blank piece of paper to delivery in a coordinated system, our process is unrivaled in the industry. Bring Innovant your toughest design challenge and let us show you what we can do.
